

ABA MASTERCLASS

Introduction to Real Solutions for Lasting Behavior Change

Overview

If you're feeling stuck, frustrated, or overwhelmed by your child's challenging behaviors, you're not alone. This master class in Applied Behavior Analysis (ABA) is designed to help you uncover the root causes of behaviors and apply practical, evidence-based strategies for lasting change. Backed by decades of research, ABA is a widely regarded and highly effective approach that provides proven strategies to address and improve behavior, helping you create meaningful results.

In this interactive, one-day session, you'll learn how to uncover the reasons behind challenging behaviors, prevent problems before they start, and respond effectively in the moment. With actionable tools and strategies, you'll leave with a clear, personalized roadmap to help your child thrive. This master class is designed to empower you with the skills and confidence to make real, positive changes—for your child and your family.

What You'll Get from This Master Class

1. Understand why behaviors happen so you can stop guessing and start addressing the root cause effectively.
2. Reduce daily stress and handle challenges with confidence by using simple, proactive strategies to prevent meltdowns and respond calmly—without yelling or punishment.
3. Strengthen your relationship by reinforcing positive behaviors and teaching better ways to meet needs.
4. Encourage lasting change with reinforcement techniques that help your child grow and thrive.
5. Leave with a clear roadmap for change so you know exactly what steps to take next to support your child's progress.

About Lola Plucer-Rosario

Lola has worked in ABA for over 15 years as a clinical director, regional supervisor, and mentor to teachers, parents, and BCBA's across Guam, Hawaii, and the States. With experience in helping families, schools, and hospitals navigate challenging behaviors and create meaningful change, Lola continues to expand her expertise as a doctoral candidate to ensure parents get the most effective, evidence-based strategies.

She understands that parents need practical, real-world strategies. That's why she designed this master class to bridge the gap between ABA principles and everyday parenting. Lola's goal is to make ABA approachable, actionable, and tailored to what works for your family, so you leave confident, prepared, and ready to support your child's growth.
